OBJECTIVE

Motivated React Front-End Developer with a Computer Science background and a passion for building responsive, user-friendly applications. Experienced in modern front-end technologies, component-based development, and state management. Also skilled in Power BI and Excel for data visualization and analysis

EXPERIENCE

Mobile Application Developer Intern

8/2024 - 9/2024

Center of Information AAST , Alexandria, Egypt

- Designed intuitive and user-friendly mobile app interfaces using Figma, ensuring a seamless and optimized UI/UX.
- Developed cross-platform mobile applications using Flutter, integrating Firebase for real-time data management, authentication, and database storage.
- Contributed to all stages of the app development lifecycle, including requirements gathering, design, coding, testing, and debugging.

Data Analyst - Microsoft Power B

Digital Egypt Pioneers Program

11/2024 -5/2024

- Designed and developed interactive dashboards in Power BI, allowing stakeholders to visualize and track key performance metrics, improving decision-making across business areas.
- Cleaned and transformed large datasets using Excel and Power BI, ensuring data accuracy and clarity in reports.
- Collaborated with cross-functional teams to understand data requirements and deliver tailored reports and dashboards that met the needs of various departments.
- Maintained and updated financial, sales, and customer engagement reports, providing ongoing insights into business performance.
- Improved data-driven decision-making processes by delivering actionable insights that optimized business operations.

React Front End

Easy Learning Academy

5/2025 - 9/2025

- Built responsive web applications using React.js, JavaScript (ES6+), HTML5, and CSS3.
- Gained hands-on experience in component-based architecture, state management, and API integration.
- Learned and applied modern styling frameworks like Tailwind CSS and Bootstrap to create responsive and visually appealing UIs.
- Developed interactive user interfaces with a focus on usability, performance, and accessibility.
- Completed practical projects demonstrating problem-solving and modern front-end best practices.

EDUCATION

Bachelor's

Arab Academy For Science and Technology
Alexandria, Egypt

09/2022 -06/2026

High School Diploma

Future Language School

09/2008 -06/2021

CERTIFICATIONS

- Certificate in Data Analysis at National Telecommunication Institute (NTI)
- Certificate in **React Front End** at Easy Learning Academy

STRENGTHS

Technical Skills

- Proficient in HTML, CSS, and JavaScript
 - Strong knowledge of Java and C programming languages
 - Experienced with Power BI for data visualization, creating dashboards, and data modeling
 - Advanced skills in Excel for complex data analysis, pivot tables, and reporting
- Expertise in problem-solving and data structures

- Familiar with web development, programming frameworks, and agile development methodologies

Soft Skills

- Excellent oral and written communication skills, capable of presenting complex data to non-technical stakeholders
- Strong attention to detail, ensuring data accuracy and high-quality deliverables
- Adaptable team player with effective collaboration and problem-solving skills

CIVIL WORK

- Participated in organizing "Orphan's Day" at Future Language School
